DESTINATIONS

Terra Marascae

- home of the organic Maraska cherry -

Ecological plantations in a natural landscape. Prunus Cerasus Marasca, the Marasca sour cherry, is called the "queen of cherries". As an indigenous variety, the Maraska cherry has been growing almost exclusively on the Dalmatian coast in Croatia for more than 500 years. In its landscape, which has been left untouched for centuries, organic cultivation on pure soil and in the cleanest air can deliver incomparably good results. Terra Marascae have planted around 20,000 lavender bushes on a new part of their plantation.

Appearances of the lavender sea were visible for the first time in 2020. A feast for the eyes, these violet tones, between sour cherries and almonds. And then the buzzing of bees and other insects.

Simply wonderful!

Visitors can enjoy:

A short lecture about "Terra Marascae", the largest organic orchard of marasca cherries
Tour of one of the plantations
Tasting of marasca cherry brandy, liqueur, juices....
